Complete 12 Month Workout Plan Andrea Raimondi,2021-01-06 You will find the detail of my training protocol lasting a total of 52 weeks, 12 months of training, at the end of which it is possible to continue, resuming a certain phase that better fit your needs. This macrocycle is divided into four main phases: a break-in or adaptation phase lasting 8 weeks suitable for those who have just started training or for those who resume activity after a period of rest. This is followed by an 8 weeks strength phase in which we try to increase overall strength. After the strength phase, very expensive for the body, follows a recovery phase lasting 4 weeks. The last mesocycle of the protocol consists of the hypertrophy phase lasting 12 weeks, in which the workouts will be aimed at gaining muscle mass. At the end of the period of hypertrophy it is good to insert a recovery period of another 4 weeks. At this point you have to decide based on your goals and restart with a cycle of strength or with another cycle of hypertrophy. In first case restart 8 weeks of strength phase, 4 weeks of recovery and another 8 weeks of strength phase. If your goal is hypertrophy you can continue with 12 weeks of hypertrophy protocol and 4 weeks of recovery protocol.

And the benefits of staying fit are no secret: Improvements in cardiovascular and respiratory health, better regulation of blood sugar, the potential to reduce or eliminate prescription medications (such as for diabetes or blood pressure), weight loss, reduction in cancer risk, and improved musculoskeletal strength are some of the better-known. But when you're working out at home, you're responsible for the whole plan: What exercises should you do? How many reps of each? How often should you rest? Are you feeling a cardio workout? An upper-body workout? Or do you want to fit in a total body workout instead? For many of us, answering all these questions is an added stress we'd rather avoid right now. And the good news is that's something you can avoid—without skipping your workout. We are about to show you an immaculate at-home workout program that take the guesswork out for you and will give you the whole exercise plan.
