Journeys of Grief and Loss Dr. Maple Melder Crozier, 2022-02-09 Based completely on lived experience, this book shares the similar and different journeys that people have taken after the loss of a child, a life partner, or a parent. Every circumstance is unique, and has its own pain and joy. The history and cultures discussed show the variety of ways that death is dealt with globally, helping us to see past western styles of grieving. The art forms of music and books and poetry provide support for the sometimes roller-coaster journey of grief and loss.

You Are What You Watch Walter Hickey, 2023-10-24 Pulitzer Prize-winning author and data expert Walt Hickey explains the power of entertainment to change our biology, our beliefs, how we see ourselves, and how nations gain power. Virtually anyone who has ever watched a profound movie, a powerful TV show, or read a moving novel understands that entertainment can and does affect us in surprising and significant ways. But did you know that our most popular forms of entertainment can have a direct physical effect on us, a measurable impact on society, geopolitics, the economy, and even the future itself? In *You Are What You Watch*, Walter Hickey, Pulitzer Prize winner and former chief culture writer at acclaimed data site FiveThirtyEight.com, proves how exactly how what we watch (and read and listen to) has a far greater effect on us and the world at large than we imagine. Employing a mix of research, deep reporting, and 100 data visualizations, Hickey presents the true power of entertainment and culture. From the decrease in shark populations after *Jaws* to the increase in women and girls taking up archery following *The Hunger Games*, *You Are What You Watch* proves its points not just with research and argument, but hard data. Did you know, for example, that crime statistics prove that violent movies actually lead to less real-world violence? And that the international rise of anime and Manga helped lift the Japanese economy out of the doldrums in the 1980s? Or that British and American intelligence agencies actually got ideas from the James Bond movies? In *You Are What You Watch*, readers will be given a nerdy, and sobering, celebration of popular entertainment and its surprising power to change the world.

Pacific Automobilmism Gijs Mom,2022-09-13 The beginning of the 21st century has seen important shifts in mobility cultures around the world, as the West's media-driven car culture has contrasted with existing local mobilities, from rickshaws in India and minibuses in Africa to cycling in China. In this expansive volume, historian Gijs Mom explores how contemporary mobility has been impacted by social, political, and economic forces on a global scale, as in light of local mobility cultures, the car as an 'adventure machine' seems to lose cultural influence in favor of the car's status character.

Thoughts Unlocked G. Sreenivasan,2020-11-29 A pandemic made us all sad, mute and tremble with fear. We locked the entire world one day and isolated ourselves from each other. This book Thoughts Unlocked - Lockdown Days Musings is a perfect riposte to a pandemic that has rendered the humans voiceless. Writer Sreenivasan ruminates on how the pandemic made a larger impact on his life and those around him. It would give the reader an insight into how a human mind works when, one day, the world closes all its doors and puts us all under house arrest. This book tells the stories of the past, present and future. It seems autobiographical and fictitious at times. It may lack in order of things, but is written in a language that is lucid, mild, straight and with a grand touch of humour. The thoughts the writer shares here would create in every reader a ponderous urgency to look back to the lives we had in the past. This book is a definite read and should be a great help in the freeing of our thoughts and presumptions

Charlie Puth Tammy Gagne,2019-07-04 Charlie Puth did not grow up dreaming of being a pop star. Instead, he wanted to do what he loved most: write music. This young man who learned to play the piano at the age of four, had a clear talent for writing and composing, which led him to study jazz and classical music during his school years. He later earned a degree in music production and engineering. After graduating from the Berklee School of Music, he thought he would make his living helping others record music, but an invitation to record a song he had written for Wiz Khalifa with the rap artist changed all that. Today Charlie is one of the country's most popular pop performers.

Encyclopedia of Great Popular Song Recordings Steve Sullivan,2017-05-17 Volumes 3 and 4 of the The Encyclopedia of More Great Popular Song Recordings provides the stories behind approximately 1,700 more of the greatest song recordings in the history of the music industry, from 1890 to today. In this masterful survey, all genres of popular music are covered, from pop, rock, soul, and country to jazz, blues, classic vocals, hip-hop, folk, gospel, and ethnic/world music. Collectors will find detailed discographical data—recording dates, record numbers, Billboard chart data, and personnel—while music lovers will appreciate the detailed commentaries and deep research on the songs, their recording, and the artists. Readers who revel in pop cultural history will savor each chapter as it plunges deeply into key events—in music, society, and the world—from each era of the past 125 years. Following in the wake of the first two volumes of his original Encyclopedia of Great Popular Song Recordings, this follow-up work covers not only more beloved classic performances in pop music history, but many lesser-known but exceptional recordings that—in the modern digital world of “long tail” listening, re-mastered recordings, and “lost but found” possibilities—Sullivan mines from modern recording history. The Encyclopedia of Great Popular Song Recordings, Volumes 3 and 4 lets the readers discover, and, through their playlist services, from such as iTunes

to and Spotify, build a truly deep comprehensive catalog of classic performances that deserve to be a part of every passionate music lover's life. Sullivan organizes songs in chronological order, starting in 1890 and continuing all the way through to the present to include modern gems from June 2016. In each chapter, Sullivan immerses readers, era by era, in the popular music recordings of the time, noting key events that occurred at the time to painting a comprehensive picture in music history of each period for each song. Moreover, Sullivan includes for context bulleted lists noting key events that occurred during the song's recording

Child Psychoanalytic Psychotherapy in Primary Schools Katie Argent, 2021-09-02 This book investigates the experiences of severely troubled children and their families, teachers, and child psychoanalytic psychotherapists working together in primary schools. The book begins by looking at children's emotional life during the primary school years and what can disrupt ordinary, helpful social development and learning. It examines what child psychoanalytic psychotherapy is, how it works, and why it is offered in primary schools. The following chapters intersperse accounts of creative child psychoanalytic approaches with interviews with parents, carers, teachers, and clinicians. A section focusing on mainstream primary schools presents parent-child interventions for a nursery class; child group psychotherapy with children from traumatized families; and consultation to school staff, with personal accounts from parents, a kinship carer, a family support worker, a deputy head, and a child psychotherapist. Chapters then focus on alternative educational settings, featuring a school for children with severe physical and cognitive disabilities; a primary pupil referral unit; and a therapeutic school. These chapters show psychotherapy with a non-verbal boy with autism; therapy groups with children who have missed out on the building blocks of development alongside reflective groups for school staff; and child psychotherapy approaches at lunchtime and in breaks, with insights from a parent, a clinical lead nurse, a head teacher, and a child psychotherapist. Finally, there is an evaluation of evidence about the impact of child psychotherapy within primary schools. Recognizing the increasing importance of attending to the emotional difficulties of children whose relationships and learning are in jeopardy, this book will be invaluable to all those working in primary schools, to commissioners of child mental health services, to parents and carers, and to experienced and training clinicians.

The Sociolinguistics of Hip-hop as Critical Conscience Andrew S. Ross, Damian J. Rivers, 2017-12-19 This book adopts a sociolinguistic perspective to trace the origins and enduring significance of hip-hop as a global tool of resistance to oppression. The contributors, who represent a range of international perspectives, analyse how hip-hop is employed to express dissatisfaction and dissent relating to such issues as immigration, racism, stereotypes and post-colonialism. Utilising a range of methodological approaches, they shed light on diverse hip-hop cultures and practices around the world, highlighting issues of relevance in the different countries from which their research originates. Together, the authors expand on current global understandings of hip-hop, language and culture, and underline its immense power as a form of popular culture through which the disenfranchised and oppressed can gain and maintain a voice. This thought-provoking edited collection is a must-read for scholars and students of linguistics, race studies and political activism, and for anyone with an interest in hip-hop.

The Crow Valley Karaoke Championships Ali Bryan, 2023-07-25 A prison escape, a bear on the loose, botched lyrics. What more could go wrong with Crow Valley's most anticipated night of the year? A year after forest fires ravaged the town of Crow Valley and claimed the life of Dale Jepson—karaoke legend, local prison guard, and all-around good guy—the community hosts a high-stakes karaoke competition. But when a convicted murderer escapes from nearby Crow Valley Correctional, residents discover there's more on the line than local, perhaps even national, karaoke fame. In this darkly comedic, fast-paced ride through an unforgettable small town, five residents with intimate connections to Dale and drastically different goals for the night will collide into, conspire with, and aid one another as they scramble to make it successfully through the evening under the scrutinizing watch of neighbors. To the soundtrack of classics belted out with abandon, voices will crack, cars will be stolen, marriages will falter, and kids will slip away in search of trouble. And maybe, just maybe, lives will be transformed for the better.
