**Charlie Christian** Charlie Christian,Chip Henderson,2016-07-20 For many, the story of jazz guitar begins with Charlie Christian. In 1939, at 23 years old, Charlie joined the Bennie Goodman Sextet, already one of the most famous jazz bands in the world. Over the next two years of his all-too-brief life Charlie redefined the role of jazz guitar, expanding it from its role in the rhythm section to that of lead instrument on par with the great horn players. Simultaneously, his late-night jam sessions alongside Thelonious Monk, Dizzy Gillespie, Charlie Parker, and Kenny Clarke at Harlem's renowned Minton's jazz club led to a revolutionary new jazz called Bebop. To best understand Charlie Christian's approach to improvising, for each song this book provides multiple examples of his soloing. Comparing and contrasting these different solos---taken from alternate takes, various recording sessions, and live radio broadcasts---will give you a better sense of not only Charlie's core concepts, but also how he developed a variety of ideas out of them. Each song is presented with performance notes that include information about the recordings (date, place, personnel, etc.), a lead sheet for the composition, and transcriptions of the live and studio performances placed in chronological order---in both standard notation and tablature. In addition, there is a full analysis of his improvisation style to give you ideas on what to look out for. We've also included a bio, a discussion of his gear, and tributes from over 30 jazz greats. Featuring multiple solos from: \* As Long as I Live \* Benny's Bugle \* Boy Meets Goy (Grand Slam) \* Flying Home \* Gone with What Wind \* Good Enough to Keep (Air Mail Special) \* Honeysuckle Rose \* I've Found a New Baby \* Rose Room \* The Sheik of Araby

*Learning the Classic Guitar* Aaron Shearer, 1990 *Learning the Classic Guitar* is a new direction in guitar instruction. Many ideas in these books break new ground. In developing this innovative method, Mr. Shearer adhered to the following concepts: 1) How and what students practice is as important as how much they practice. 2) Give information only when it is immediately useful. 3) Start with the easiest skills. 4) Approach challenging skills gradually. Part one focuses on technical development and explains the most efficient approach to study and practice. Part two should go along with part one and it presents the elements of music and procedures for developing ability to sight-read and memorize. It also introduces the visualization concept. Part three teaches the student to form clear and accurate concepts of music expression. It also teaches the guitarist how to perform in public with accuracy and confidence.

The First Collection of Criticism by a Living Female Rock Critic Jessica Hopper, 2015-05-12 Jessica Hopper's music criticism has earned her a reputation as a firebrand, a keen observer and fearless critic not just of music but the culture around it. With this volume spanning from her punk fanzine roots to her landmark piece on R. Kelly's past, *The First Collection* leaves no doubt why *The New York Times* has called Hopper's work influential. Not merely a selection of two decades of Hopper's most engaging, thoughtful, and humorous writing, this book documents the last 20 years of American music making and the shifting landscape of music consumption. The book journeys through the truths of Riot Grrrl's empowering insurgence, decamps to Gary, IN, on the eve of Michael Jackson's death, explodes the grunge-era mythologies of Nirvana and Courtney Love, and examines emo's rise. Through this vast range of album reviews, essays, columns, interviews, and oral histories, Hopper chronicles what it is to be truly obsessed with music. The pieces in *The First Collection* send us digging deep into our record collections, searching to re-hear what we loved and hated, makes us reconsider the art, trash, and politics Hopper illuminates, helping us to make sense of what matters to us most.

Their living room hosts parties and prayers, with a hole smashed in the wall to indicate the direction of Mecca.
