Toasting the Bride Benneth Nnaedozie Okpala,2003 In the matter of personal experience, I am qualified to write about Africa & about America as well. In me, the phrase African-American is alive with vivid experiences. I have spent equal halves of my eventful life in Africa & in the USA. I have citizenship in both worlds & have been uniquely impacted by both through bouts of traumatic experiences. Presently & continuing, one-America-gets to house my body; the other-Africa- my soul. In the ensuing strange marriage of the two cultures, the line between the bride & bridegroom is fluid at best. I can, therefore, constructively praise &/or criticize both, interchangeably, w/ civilized equanimity & without fear, favor/shame. I can Toast the Bride, specific circumstance warranting. The book is to inform & to query alike. Although the material presented is predominantly a product of the African culture, it is not parochially African in its view of human life & Nature; nor in the content of the personal experiences presented. The book draws heavily from the literary wisdoms of philosophers to articulate the language & extract a body of knowledge suitable for describing, & coincidental to expressing, the deeper side of personal life experiences. It also juxtaposes traditional African spiritual idealism with modern American material realism to establish context. The reader is not to equate the different chapters as simple matching titles of the knowledge they contain. Although these chapters are meaningful & intelligible in themselves, the reader is persuaded to accumulate them progressively as the background necessary for understanding the relation of each to the whole. Toasting the Bride challenges the reader to know more about certain naked hypocrisies of the American legal system & to formulate educated personal opinions about the American social culture and to imbibe some universal lessons of life by partaking in the more vivid accounts of my personal experiences; & by pondering on the harder questions of living.

My Book Is My Story LA Virgil-Maldonado,2013-03-07 This book is a poetic journey comprised of mini chapters resembling a modern day Biblical Psalms. Like Psalms, this is a writers deepest expressions, sincerest conversations with God and the depiction of hope in Him. Despite the mess ups, there is true repentance, and compassion for us as individuals and moreover as a human race. The Holy Spirit has guided me and God has sustained my life so that I can proclaim His works. Although some may see this as controversial I plead with you to be non judgmental for these are my encounters, stories, accounts, events and thoughts that many experience but are afraid of expressing in fear of being seen as odd. Hopefully as you journey with me you will realize that we are more of the same than different, especially when we recognize that it is all about being led by our Creator. When in doubt I dare you to try Him out! Take the challenge and surrender to that which already lies within you, just turn on that light switch, who I call friend, guide, comforter, vindicator and most of all partner. Put your seatbelt on and embrace my limitless journey with the Holy Spirit!

We are the Champions: The Politics of Sports and Popular Music Dr Ken McLeod, 2013-01-28 Sports and popular music are synergistic agents in the construction of identity and community. They are often interconnected through common cross-marketing tactics and through influence on each other's performative strategies and stylistic content. Typically only studied as separate entities, popular music and sport cultures mutually 'play' off each other in exchanges of style, ideologies and forms. Posing unique challenges to notions of mind - body dualities, nationalism, class, gender, and racial codes and sexual orientation, Dr Ken McLeod illuminates the paradoxical and often conflicting relationships associated with these modes of leisure and entertainment and demonstrates that they are not culturally or ideologically distinct but are interconnected modes of contemporary social practice. Examples include how music is used to enhance sporting events, such as anthems, chants/cheers, and intermission entertainment, music that is used as an active part of the athletic event, and music that has been written about or that is associated with sports. There are also connections in the use of music in sports movies, television and video games and important, though critically under-acknowledged, similarities regarding spectatorship, practice and performance. Despite the scope of such confluences, the extraordinary impact of the interrelationship of music and sports on popular culture has remained little recognized. McLeod ties together several influential threads of popular culture and fills a significant void in our understanding of the construction and communication of identity in the late twentieth and early twenty-first centuries.

Look, I Made a Book Nina Zaragoza, Eric Dwyer, 2005 What does it mean to have high expectations for five-year-old learners? In one of the author's classrooms, children are treated as authors, as world citizens, and as confident, responsible community and family contributors. Kindergartners publish their own stories and keep them on the same shelves as books from libraries and bookstores. In addition to books, these young students also produce their own plays, thank-you cards, and math problems. Zaragoza, Dwyer, and Brownie (the class mascot) invite new teachers along as they take one class of children through a month-by-month journey of authorship, literacy development, poetry, positive interaction, and imagination. This book is appropriate for both undergraduate and graduate students of education, early childhood, and teachers of English-

language learners. It can also be of value to scholars of constructivist and/or critical theory.
